200+ Incident Management Templates

Personal SOS Panic Button

CRAiG - Your Crises Resolution AI Guide

WHY CHOOSE THE CRISES CONTROL MOBILE APP?

INSTANT INFORMATION ACCESS

The Crises Control Mobile App puts critical information right at your fingertips. Whether you need access to emergency response plans, contact lists, or real-time updates, our app ensures you have everything you need.

REAL-TIME NOTIFICATIONS

Stay informed with instant notifications. Receive instant alerts and updates directly on your device, no matter where you are. Plus, translate messages into 25 different languages with just a tap.

USER-FRIENDLY INTERFACE

Designed with simplicity in mind, the Mobile App is easy to navigate, making it accessible for all team members.

AI AT ITS CORE

CRAiG, your Crises Resolution AI Guide in the Crises Control App, delivers real-time updates, streamlines response, and keeps teams aligned for fast, coordinated action, right from your phone.

ACCESS EMERGENCY PLANS

Once logged in, users can access pre-defined emergency response plans tailored to their organisation. These plans outline clear steps to take during various types of crises.

TASK MANAGEMENT

Receive tasks directly within the app. Team members can check off completed tasks, providing visibility into the progress of the response effort.
